

PDA MACRA Accelerator

What is it?

Course of Actions

CMS's quality payment program, enacted through the MACRA legislation, contains a complex web of options and requirements for physicians. The first reporting period begins in 2017.

During the MACRA Accelerator Consultation, PDA will work with you to recommend specific courses of action and facilitate a MACRA strategy, including changes and regulatory compliance actions. The project will focus on three goals:

Orientation to MACRA's Quality Payment Program

Discuss the lingo, rules, risks, opportunities, and options. Onsite session.

Data Gather and Practice Assessment

Collect data and prepare a report with specific recommendations for measure selection, performance improvement, and strategy selection. Offsite data collection and analysis for example QRUR Report

- Practice revenue and payer information
- Meaningful Use attestation reports
- PQRS measures and scores
- Value-based program such as MSSP or BPCI performance
- Surveyed information including current value-based programs like risk bearing ACO's, private contracts, care management programs, IT, staffing, data feeds, and strategic priorities

Strategy Recommendations and Facilitation

On-site option review and action plan development

Who?

- Independent or hospital-based physician practice groups with substantial Medicare revenues.
- Specialty practices without substantial experience in value-based models

When and How Long?

- As soon as possible given the looming reporting period. Late 2016, early 2017 is best.
- Engagement will last **five weeks**, start to finish.

Why PDA?

PDA is an independent consulting practice with over 30 years of experience in developing strategies for health systems and physicians. PDA and its staff has expertise in healthcare program development and planning, quality reporting programs, meaningful use, ACOs / MSSP, BPCI, CJR / EPM, and provider mergers and affiliations. PDA is not affiliated with a technology / analytics provider or large multi-service consulting firm. Our only agenda is find creative solutions unique to each client. PDA's motto is *"Take a Problem, Make it a Feature."*
